

# DINOSAUR PUZZLE & PLAY

## Dino Data!

Help the paleontologists organize their fossil collection!  
The bar graph below shows you how many dinosaur fossils they have from each kind of dinosaur.

How many Elasmosaurus fossils are there? \_\_\_\_\_

Which dinosaur has the most fossils? \_\_\_\_\_

Which two dinosaurs have the same number of fossils?  
\_\_\_\_\_ and \_\_\_\_\_

How many more Parasaurolophus fossils are there than Triceratops? \_\_\_\_\_

How many fossils are there altogether? \_\_\_\_\_

What else can you say about this fossil collection? Explain how you know!
